activity 1

dance

G = Gold

S = Silver

B = Bronze

description

The child is required to perform robotic (robo) dance, an imaginary street dance style, for one minute. The robotic dance is close to popping hence, if the child enjoys popping or is interested in the form, s/he would like robo dance as well. To successfully complete the activity, allow the child to watch a few videos of the dance form and observe the dance moves closely. Let the child imitate the dance steps and match the pace of the performance s/he is watching. S/he is welcome to introduce their own steps in so far as they pertain to the form chosen.

badges

The child can perform robo dance for at least 60 seconds and perform at least 7 unique dance steps.

The child can perform robo dance for at least 60 seconds and perform at least 5 unique dance steps.

The child can perform robo dance for at least 60 seconds and perform at least 3 unique dance steps.

bonus :

If the child securing an G can perform the task for double the time (i.e. 120 seconds).
